

Ohio and Magical Farms Health Requirements for ALL animals arriving at Magical Farms.

All animals arriving at the Farm must have the following written verification from their veterinarian:

1. Ohio requires all alpacas to have an Ohio Health Certificate signed by a licensed veterinarian.
2. A copy of BVDV test results on veterinary letterhead signed by a licensed veterinarian showing that all alpacas tested negative for BVDV with a PCR test.
3. All alpacas must be parasite free shown by a negative fecal test (within 14 days). Fecal test must be done on a fresh, direct sample and be spun-down and centrifuged then read by a licensed veterinarian. Test results must be notated on veterinarian letterhead.

No animal will be off-loaded throughout the weekend without an Ohio Health Certificate, and the BVDV & Negative Fecal Test certified by a licensed veterinarian on veterinarian letterhead.

Send questions to info@alpacafarm.com.
